MDV System 4kg

THE EAGLE

L'AIGLE (THE EAGLE) introduces its fourth generation of complete stabilizing systems for 0,5 to 15 kg cameras. Their shock-absorbing arms innovate with the brand new patented LTX® technology based on hyperelastic latex straps, replacing metal springs. They are lightweight, ultra smooth, silent and reliable (10 years warranty). We wanted our stabilizers to be aesthetically and technically irreproachable, while maintaining the best possible prices. So we provided the MDV System with everything you can expect from a light camera stabilizer. Here are its 40 main features and qualities, which are for you 40 reasons to choose the MDV system, rather than any other product on the market:
